Chapter 33

Worksheet

Read Chapter 33

Without Martha, Kit believes the Allsorts will lose the match and make fools of themselves.

History is repeating itself.

She sees and steals the trophy.

Is this out of character? Or is this exactly what Kit would do?

When she gets home, she realises that the trophy isn't as powerful as she always thought it was.

The one thing she has always wanted is in her hands and she doesn't want it.

Why?

What has changed?

What has Kit learnt?
