Chapter 35

Worksheet

Read Chapter 35

Kit gets ready to accept the consequences of her actions.

Is this something she would have done at the start of the story?

What has changed?

Aggie Longstaff helps Kit by taking the trophy and putting it back.

Why would she do that?

They are sworn enemies, but she helps Kit out.

If you were Aggie Longstaff, would you have done the same thing?
Or left Kit to her fate?
